# INDUSTRY OFFERINGS

Bekaert has a strong presence in diverse sectors. This makes us less sensitive to sector-specific trends and it also benefits our customers, because solutions we develop for customers in one sector often form the basis of innovations in others.

Bekaert serves customers across a multitude of sectors with a unique portfolio of drawn steel wire products, coated to optimally suit the application needs. Bekaert steel wire is used in cars and trucks, in elevators and mines, in tunnels and bridges, at home and in the office, and in machines and offshore. If it drives, ascends, hoists, filters, reinforces, fences or fastens, there is a good chance Bekaert is inside.

More information about our steel wire products and solutions is available on our website.
